Subject: Application - Business Analyst - Compliance

Dear Hiring Team at Synechron,

With over 15 years of experience in business development and a strong background in project management, I am excited to apply for the Business Analyst - Compliance position at Synechron. My expertise in analyzing complex business requirements and integrating new technologies aligns well with the needs of your team.

I possess a solid understanding of the Wealth Management sector and Compliance banking, including AML and KYC processes. My skills in stakeholder engagement and data-driven strategies will enable me to effectively gather and analyze requirements to deliver optimal solutions.

In my previous roles, I successfully managed cross-functional teams to implement data-driven strategies that improved operational efficiency. My experience in conducting functional analyses and writing specifications using Agile methodology has consistently led to successful project outcomes.

I am available for an interview at your earliest convenience and am open to travel as required. I look forward to the opportunity to contribute to Synechron's mission and support your clients in the banking sector.

Kind regards,

Juan-Bernardo Rivero
