Subject: Application - Tax Accounting Consultant

Dear Hiring Team at KPMG,

I am writing to express my interest in the Tax Accounting Consultant position at KPMG. With over 10 years of experience in financial analysis and a strong background in investment management, I am excited about the opportunity to contribute to your team, particularly in tax positions and compliance.

My expertise includes financial valuation, due diligence, and strategic negotiation, which I believe are crucial for the role. I am also trilingual, fluent in English, French, and Spanish, allowing me to effectively communicate in diverse environments.

In my previous roles, I successfully led cross-functional teams in complex projects, enhancing operational efficiency and ensuring compliance with financial regulations. My adaptability in fast-paced settings has been key to delivering results under pressure.

I am available for an interview at your earliest convenience and am open to discussing flexible working arrangements. I look forward to the possibility of contributing to KPMG's mission.

In practice, that means I work on the work with attention to clarity. I prefer concrete steps — defining the scope, setting a simple plan, and adjusting based on feedback. I keep it readable: short updates, a clear call-to-action, and timelines people can accept. Kind regards,

Juan-Bernardo Rivero
