Dear Hiring Team at T6 COMBS,

As a Business Development Specialist with a strong background in transactions and valuation, I am excited to apply for the Manager position at T6 COMBS. My experience in originating and executing cross-border transactions aligns well with the demands of this role.

I possess advanced skills in financial analysis, including DCF and comparable company analysis, and have a proven track record of preparing high-quality execution materials. My ability to thrive in high-pressure environments and effectively communicate with senior stakeholders will be an asset to your team.

In my previous roles, I successfully managed multiple M&A; and divestment processes, ensuring stakeholder alignment and risk mitigation throughout. My analytical mindset and resilience have consistently led to successful outcomes, even in challenging situations.

I am available for an interview at your earliest convenience and am willing to travel on short notice to meet the needs of the role.

Kind regards,
