Subject: Application - R&D; Leader & Product Line Manager

Dear Hiring Team at Sécheron SA,

As a results-driven business professional with over 15 years of experience in business development and project management, I am excited to apply for the R&D; Leader & Product Line Manager position at Sécheron SA. My background in managing diverse teams and driving product success aligns well with the innovative goals of your company.

I possess excellent project management and organizational skills, demonstrated through my ability to lead cross-functional teams and deliver projects on time and within budget. My trilingual proficiency (English, French, Spanish) enhances my communication capabilities, allowing me to engage effectively with international stakeholders.

In my previous roles, I successfully managed R&D; teams and drove product line success in fast-paced environments. I have a proven track record of enhancing product portfolios and ensuring alignment with market demands, which I believe will contribute to the growth objectives of Sécheron SA.

I am available for an interview at your earliest convenience and am open to travel as required for the role. Thank you for considering my application; I look forward to the opportunity to discuss how I can contribute to your team.

In practice, that means I work on the work with attention to clarity. I prefer concrete steps — defining the scope, setting a simple plan, and adjusting based on feedback. I keep it readable: short updates, a clear call-to-action, and timelines people can accept. Kind regards,

Juan-Bernardo Rivero
