Dear Hiring Team at Company,

As a Business Development Specialist with extensive experience in transactions and valuation, I am excited to apply for the Strategic Product Director role. My background in commodities and fintech has equipped me with the analytical skills and resilience necessary to drive product strategy and execution in a dynamic environment.

I possess strong competencies in transaction execution, stakeholder alignment, and risk identification. My ability to prepare comprehensive execution materials and perform detailed financial analysis allows me to contribute effectively to product development and strategic initiatives.

In my previous roles, I successfully originated and structured cross-border transactions, collaborating with senior stakeholders and advisors to ensure alignment and mitigate risks. My proficiency in advanced Excel for valuation analysis has consistently supported informed decision-making and strategic planning.

I am available for an interview at your earliest convenience and am willing to travel on short notice as required for the role.

Kind regards,
