**Subject: Application - AI Learning Experience Designer**

Dear Hiring Team at Deloitte AG,

With over 15 years of experience in business development and a strong focus on project management, I am excited about the opportunity to contribute to Deloitte's mission of transforming workforce engagement through AI learning programs. My background in developing tailored solutions aligns well with the requirements of the AI Learning Experience Designer role.

I possess solid expertise in instructional design and facilitation, complemented by my ability to translate complex AI concepts into accessible learning formats for diverse audiences. My trilingual capabilities in English, French, and Spanish enhance my communication skills, allowing me to engage effectively with stakeholders across various cultural contexts.

In my previous roles, I successfully led initiatives that integrated new technologies into project workflows, resulting in measurable improvements in learning outcomes and stakeholder engagement. My experience in market analysis and data-driven strategies has equipped me with the skills necessary to assess organizational AI maturity and tailor learning accordingly.

I am available for an interview at your earliest convenience and am open to flexible working arrangements, including travel if required. Thank you for considering my application; I look forward to the possibility of contributing to your team.

Kind regards,

Juan-Bernardo Rivero
