Subject: Application - Geneva Internship Program

Dear Hiring Team at IISD International Institute for Sustainable Development,

I am excited to apply for the Geneva Internship Program at IISD. With over 10 years of experience in investment analysis and a strong background in the startup ecosystem, I am eager to contribute my skills to your team while furthering my understanding of sustainable development.

My expertise in financial valuation and due diligence, combined with my problem-solving and negotiation skills, positions me well for this role. I am adept at developing Go-To-Market strategies and utilizing growth hacking techniques to drive results.

In my previous roles, I successfully led investment analysis projects that resulted in significant returns for stakeholders. My ability to adapt to fast-paced environments and work collaboratively in multicultural teams has been instrumental in my success.

I am available for an interview at your earliest convenience and am open to relocation if necessary. Thank you for considering my application; I look forward to the opportunity to contribute to IISD.

Kind regards,

Juan-Bernardo Rivero
